# Refugee Health Round-up

## Webinar: Understanding the New USCIS TB Testing Guidelines

Join Dr. Alawode Oladele to discuss the new IGRA requirement for USCIS immigration exams and additional details on the updated technical instructions for civil surgeons on **September 19, 2018 at 9:00 am**. Learn how to interpret and manage IGRA results, and why this change is an important step in the CDC's march toward TB elimination in the US...[Read more »](#)

## Funding Opportunity: Culture of Health

The Robert Wood Johnson Foundation is accepting applications for its 2019 Culture of Health award, "an annual program that honors outstanding community efforts and partnerships that are helping people live healthier lives"...[Read more »](#)

Please send a request to [Refugee Health Program](#) if you want to receive the Weekly Round-up or to include events/news.

### Refugee Children Exposed to Intimate Partner Violence: Doubly Vulnerable

[Bridging Refugee Youth and Children's Services \(BRYCS\)](#), an ORR technical assistance provider, is hosting a webinar which will focus on refugee children who witness intimate partner violence (IPV), explore the overlap of culture and IPV, and offer recommendations to reduce IPV exposure and boost refugee children's resilience. The webinar will be held on **September 27, 2018 at 10:00 am**. Please [register here](#).
