Dear friends,

On September 5, the Trump administration announced that the Deferred Action for Childhood Arrivals Program (DACA) is ending. DACA has provided safety and security to 800,000 young Dreamers, who now face uncertain futures in the U.S., the country they call home.

MAF (missionassetfund.org), a San Francisco-based nonprofit with a long history of supporting Dreamers, is now providing \$495 scholarships so DACA recipients can safely renew their status by the October 5 deadline.

**Please share this opportunity widely with your networks.** We don't want cost to keep any Dreamer from renewing their DACA status.

Dreamers can apply for scholarship at LC4DACA.org and receive a check made out to the Department of Homeland Security within 48 hours.
