

Damee Raadiyolojii

Beeysisa Baalama qormaata (gadaamessa fi meeshaa garaa kan naannoo isaa jiran) “obstetrical or pelvic ultrasound” waan jedhamu.

Meeshaa garaa keessa qorachuufi Altraasaawindiin sagalee danbalidha friiquwensi guddaa qabuun hojatta.

Qoranoon kuni nama hin dhukubssu. Wagga dhiydami shanii (25) ol guyyu dhimma itti bayama, kanaafu altraaswindiini nama guddaafi daa'ima garaa jirtuttille rokkoo tokkos hin finne.

Waan kana qoraachuuf afuuffan guutuu tahuun barbaachisaa dha, kanaafu, saa'aan tokko balamma keetif yoo sii hafe bishaan afuuffa kee keessa hin qulisin. Ballama keetif sa'a tokko dura jalqabii, yoo xiqqaate bishaan burcuqoo afur dhugi. Burcuqoon tokko ounce sadeet (8 oz) ka qabatu

Yaadadhu waan haganaa gadii:

1. Bishaan hedduu dhugi
2. afuuffa kee hin qulisin
3. yaboo ykn hadaraa yeroon koottu

Qorannof baalamni qabame:

_____ W.D/W.B
(Guyyaa) (Sa'aa)

Yaboo yeroon irra itti argami!! Bilbili _____, yoo ka turtu taate, yoo baallama biraa barbaadde ykn yoo gaafii qabaatte.

Ulfaadhu.

Department of Radiology

INFORMATION FOR PATIENTS SCHEDULED FOR OBSTETRICAL OR PELVIC ULTRASOUND (OVARIES, UTERUS, OTHER PELVIC STRUCTURES)

Ultrasound employs high-frequency sound waves to examine the internal structures of your body. It is similar to “SONAR” where sound waves allow ships to look at the ocean’s bottom. The examination is not painful. After more than 25 years of routine use, ultrasound has **not** been shown to cause harm to adults or unborn children.

To examine the pelvic organs, a full urinary bladder is necessary. Therefore, starting one hour prior to your appointment, drink at least four 8 oz. glasses of water. **DO NOT** empty your bladder before the examination begins.

REMEMBER:

1. Drink plenty of water.
2. Do not empty your bladder.
3. Please be on time.

Your examination is scheduled for:

_____ at _____ a.m./p.m.
Date Time

PLEASE BE ON TIME!!! Call _____, if you are going to be
(Phone No.)
late or need to reschedule your appointment or have any questions. Thank you.
