EthnoMed Redesign - We need your help

Consultants from UW's iSchool are helping redesign the EthnoMed website. They have created a fun card-sort activity to gather stakeholder input. We know you are busy and we are incredibly grateful for your time and feedback. Please help us improve our website to better suit your needs. Thank you!

MEASLES OUTBREAK

A measles outbreak has prompted a public health emergency in all counties of Washington State, where dozens of measles cases have been confirmed. Most cases have been confined

precautions to help stop the spread of measles. We link to information about vaccine hesitancy and translated patient education resources.
